EDRS PRICE MF01/PC15 Plus Postage.

DESCRIPTORS Academic Achievement; *Achievement Tests; Elementary Secondary Education; Mathematics Tests; Reading Tests; Scaling; *School Districts; Scores; *State Programs; Statistical Data; *Tables (Data); *Testing Programs; Test Results; Writing Tests

IDENTIFIERS *Exit Examinations; *Texas Assessment of Academic Skills; Texas Educational Assessment of Minimum Skills

ABSTRACT

This report of the Texas Assessment of Academic Skills (TAAS) Student Performance Results lists performance results on the TAAS and the Texas Educational Assessment of Minimum Skills (TEAMS), an exit examination, alphabetically by school district for each grade level tested (grades 3, 5, 7, 9, 11 for the TAAS and grades 11 and 12 for the initial TEAMS). Data presented include: (1) the percentage of students passing all tests taken; (2) scaled scores in subject areas; (3) scale score gains and losses compared with 1989-90; and (4) the number of students needing remediation. The eight sections of this volume contain 190 pages of tabulated results for Texas school districts. (SLD)

Introduction

Volume 2 of the *Texas Assessment of Academic Skills (TAAS) Student Performance Results October 1990* lists performance results, alphabetically, by school district for each grade level tested. These results are reported for all students tested, excluding the performance results of those students identified as special education students. Performance results are listed for the October 1990 TAAS administration for Grades 3, 3-Spanish, 5, 7, 9, and 11 and the October 1990 exit level Texas Educational Assessment of Minimum Skills (TEAMS) administration for Grades 11 and 12. In examining data contained in this volume, the following information should be considered.

- The following TAAS performance results are reported by grade level for each school district: the percent of students passing all tests taken, percent mastery in each subject area, scale score performance in each subject area, and the number of students needing remediation in one or more subject areas.
- This report provides performance results, as described above, for non-special education students only. It does not include results for students identified as special education students. Students are identified as special education students if any of the following categories were marked on their individual answer sheet: learning disability, emotionally disturbed, speech handicapped, visually handicapped, or other (non-visual) handicapping conditions.
- To maintain confidentiality of individual student results, district level performance data are replaced with asterisks for districts in which fewer than five students were tested in a given subject area.
- Student performance on the TAAS and TEAMS tests varies from district to district. When comparing district results, demographic factors such as composition of the student population, student mobility, and district size and wealth should be considered since they may be related to student performance results.
- The performance of individual students in small student populations affects district results to a greater extent than in districts which test large numbers of students.
- The TEAMS performance results reported for Grades 11 and 12 for each school district include the percent of students passing all tests taken, scaled scores in each subject area, scaled score gains/losses by subject area as compared with the 1989-90 school year, and the number of students

needing remediation in one or more subject areas. The TEAMS results do not include performance results for students identified as special education students.

- In October 1990, a small number of Grade 11 students were eligible to take the TEAMS exit level test, instead of the TAAS exit level test. Most of the Grade 11 students taking the TEAMS exit level test in October 1990 were retaking one or both sections. However, approximately thirty-seven percent of the 4,998 Grade 11 students tested statewide were taking the TEAMS exit level test for the first time in October 1990, compared with ninety-seven percent of the 181,494 students taking the exit level TEAMS test for the first time in October 1989. Therefore, the scaled score gain/loss comparisons between October 1989 and October 1990 are not reported in Section II for the Grade 11 TEAMS administration.

Volume 1 of the *Texas Assessment of Academic Skills (TAAS) Student Performance Results October 1990* reports statewide performance and trends, performance data aggregated by demographic characteristics, and regional results.

Volume 3 of the *Texas Assessment of Academic Skills (TAAS) Student Performance Results October 1990* reports school district and campus performance results reported as percentages of students passing all tests taken, excluding performance of special education students.

COMPLIANCE STATEMENT

TITLE VI, CIVIL RIGHTS ACT OF 1964; THE MODIFIED COURT ORDER, CIVIL ACTION 5281, FEDERAL DISTRICT COURT, EASTERN DISTRICT OF TEXAS, TYLER DIVISION

Reviews of local education agencies pertaining to compliance with Title VI Civil Rights Act of 1964 and with specific requirements of the Modified Court Order, Civil Action No. 5281, Federal District Court, Eastern District of Texas, Tyler Division are conducted periodically by staff representatives of the Texas Education Agency. These reviews cover at least the following policies and practices:

- (1) acceptance policies on student transfers from other school districts;
- (2) operation of school bus routes or runs on a non-segregated basis;
- (3) nondiscrimination in extracurricular activities and the use of school facilities;
- (4) nondiscriminatory practices in the hiring, assigning, promoting, paying, demoting, reassigning, or dismissing of faculty and staff members who work with children;
- (5) enrollment and assignment of students without discrimination on the basis of race, color, or national origin;
- (6) nondiscriminatory practices relating to the use of a student's first language; and
- (7) evidence of published procedures for hearing complaints and grievances.

In addition to conducting reviews, the Texas Education Agency staff representatives check complaints of discrimination made by a citizen or citizens residing in a school district where it is alleged discriminatory practices have occurred or are occurring.

Where a violation of Title VI of the Civil Rights Act is found, the findings are reported to the Office for Civil Rights, U.S. Department of Education.

If there is a direct violation of the Court Order in Civil Action No. 5281 that cannot be cleared through negotiation, the sanctions required by the Court Order are applied.

TITLE VII, CIVIL RIGHTS ACT OF 1964; EXECUTIVE ORDERS 11246 AND 11375; TITLE IX, 1973 EDUCATION AMENDMENTS; REHABILITATION ACT OF 1973 AS AMENDED; 1974 AMENDMENTS TO THE WAGE-HOUR LAW EXPANDING THE AGE DISCRIMINATION IN EMPLOYMENT ACT OF 1967; AND VIETNAM ERA VETERANS READJUSTMENT ASSISTANCE ACT OF 1972 AS AMENDED IN 1974.

It is the policy of the Texas Education Agency to comply fully with the nondiscrimination provisions of all federal and state laws and regulations by assuring that no person shall be excluded from consideration for recruitment, selection, appointment, training, promotion, retention, or any other personnel action, or be denied any benefits or participation in any programs or activities which it operates on the grounds of race, religion, color, national origin, sex, handicap, age, or veteran status (except where age, sex, or handicap constitute a bona fide occupational qualification necessary to proper and efficient administration). The Texas Education Agency makes positive efforts to employ and advance in employment all protected groups.
